HORSE TRAVEL

The Dubai Racing Carnival selection committee will only consider horses rated 105 and above for travel subsidies.

Additionally, 2yo (2026) – 3yo (2027) will be entitled for shipping subsidies if they finish in the first 3 in any Meydan pattern race or if they achieve a rating of 95 and above at the end of the carnival.

Furthermore, travel incentives will be decided on a horse-by-horse basis. 3yo and older horses with a rating below 80 will not be accepted to the Dubai Racing Carnival.

Dubai Racing Club (DRC) will cover the cost of return air freight for each incentivised horse for the Dubai Racing Carnival, based on three horses per pallet on existing scheduled service cargo routes, from their country of origin, or nearest country/airport with scheduled service cargo routes to/from Dubai and return to the same point, together with affiliated charges for UAE import/export. Travel incentive is capped and limit is given on request.

For 2yo (2026) – 3yo (2027), connections must pay the air freight for their horse to come to Dubai but if their horses reaches the subsidy threshold to receive the incentive, DRC will reimburse the cost of the air freight to Dubai, to the trainers DRC account, and cover the cost of the air freight to return the horse to its point of origin.

For UK/EU origin horses, the use of charter flights will be optimised and wherever possible will be used in preference to schedule line flights. Should owners wish to make alternative arrangements relating to the return of their horses, they will be responsible for all charges applicable to this change, however Janah will be able to advise.

Incentivised horses must run at least twice at Meydan to retain their incentive. If the horse is sold privately or at public auction in the UAE, the return portion of the transport subsidy is forfeited.

All horse should leave Dubai at the end of the of Dubai Racing Carnival. Owners wishing to leave their horses in Dubai after the Dubai Racing Carnival must gain approval from the DRC.

All GCC horses, whether transported by road or air, will be coordinated through DRC and Janah Management. No incentive will be issued.

Trainers will need to make their own arrangement for them and their staff to travel to and out of Dubai.

Any international horse subsequently invited to run at the Dubai World Cup Meeting 2027, that is already resident in Dubai, will be eligible for benefits as per the Dubai World Cup policy.

Please note: If the UK import conditions change in the interim period, connections will be advised through Janah agents.
